The Jesup Affair.

SAVANNAH, December 27.—No further [illegible] at Jesup and [illegible] are resuming the usual status.

NEW YORK, December 27.—A Jesup [illegible] says: Quiet reigned here to-night. The volunteer military have been withdrawn and the town is in charge of the civil authorities, who have complete control. No bodies have been found since yesterday morning, and the total number is only six, three whites and three blacks. At no time was the affair a riot. In its inception a half breed negro, Rob Brewer, defied arrest and killed two whites and wounded a third. Major Hopps's call for troops was unnecessary and aggravated the situation. The news spread throughout the country and a hundred irresponsible parties flocked to the town on trains from every direction. The leading spirit in the outrage committed after dark on negroes was [illegible] railroad agent from [illegible]. Jesup's citizens were not connected with the whippings and deplore the lawlessness. Brewer has four followers, all well armed. They may, in retaliation, kill some whites in the thinly-settled country but will not dare to attack Jesup. They will themselves be killed eventually, as they are hunted by hounds.

The Brazilian Situation.

WASHINGTON, December 27.—The Brazilian minister has received a cablegram from his [illegible] minister of finance dated Rio Janeiro, December 25th, saying in part: Deputy [illegible] has been banished on account of acts of conspiracy on the part of his followers. The imperial family, because of having changed their attitude from acquiescence to encouragement of the pretentions of reactionists were deprived of the civil list and subsidy. The emperor, under the advice of ill-counseled councillors, refused the subsidy because it was an act of the revolution, but accepted the civil list as a right based upon the law. In view of this denial of the legitimacy of a revolution which has been sanctioned by the whole country, our measure cutting off the civil list and subsidy was an act of [illegible]. These measures are here met with general support. We shall continue to respect all rights, maintain the tribunals, organize the administration, observe all contracts and keep up the [illegible], but any attempt against public order will be repressed with implacable severity. Commerce, agriculture and the working classes call upon us to assume this attitude. We shall hand over to the constitutional convention the public intact. Those who believe this convention is called to decide between a republic and anarchy are mistaken. Monarchy is out of the question. The Europe [illegible] should not be misled by [illegible] whose machinations are here objects of amusement or derision. [illegible] of the press foment [illegible], but the dilemma is now [illegible] republic or anarchy.

Alarming News.

NEW YORK, December 27.—The Brazilian consul received telegraphs [illegible] from Washington that he has received [illegible] from Brazil preparing him for bad news. He continued, however, to have confidence in the strength of the government.

Hearing on the Tariff.

WASHINGTON, December 27.—The ways and means committee resumed its hearings on the tariff this forenoon. Arguments were presented on the subject of the duty on table cutlery, [illegible] leaf and bronze powders, [illegible] plates, crucibles, steel wire [illegible].

Collieries Closing Down.

SCRANTON, Pa., December 27.—[illegible] the announcement yesterday that the Pennsylvania Coal company had closed down eleven of its largest collieries and the Delaware and Western company six of their mines to-day it is [illegible] of the Hillside Coal and Iron company working the Erie railroad mines of Forest City and [illegible] Valley with nearly [illegible] men and [illegible] the shut down. Individual operators all through the valley unable to secure cars, were also ordered to shut down until conditions improved. The individual collieries number a dozen or more and will average 200 men and boys each. The announcement is also made that the Delaware and Hudson Canal company will at the end of the week shut down fifteen of its collieries. The closing of the company works and individual mines will cause the idleness of upward of 13,000 men and boys. To this is quite likely to be added a large number of workmen who will be thrown out of employment by the shutting down of [illegible] of the Wilkesbarre and Susquehanna Coal company in the Wyoming region.

Three New B[illegible].

ST. PAUL, December 27.—This city was the scene this morning of more than ordinary interest to churchmen, in the consecration of three bishops, with all the august rites and imposing ceremonials of the Roman Catholic church. The ceremony was conducted by Archbishop Ireland, assisted by Most Rev. Thomas L. Grace. The priests on whom the mitre was conferred were Rev. John Shanley of St. Paul, Rev. James McGolrick of Minneapolis and Rev. Joseph B. Cotter of Winona. The papal briefs, which were read first in Latin then in English, appointed Bishop Shanley to the see of North Dakota, while Bishop McGolrick goes to the diocese of Duluth and Bishop Cotter will have charge of the diocese of Winona. The doors of St. Peter's cathedral were thrown open at 9 o'clock, and before 10 over three thousand people thronged the edifice. Sixteen bishops were in the procession, in the ranks of which figured also nearly three hundred priests. It was a superb and imposing spectacle.

[illegible] in Mexico.

CITY OF MEXICO, December 27.—The new bank, Fomento Concesion, is reported in danger of falling through. It has an authorized capital of $25,000,000, about one fifth being paid in at the start. The International and Mortgage bank will open in a few days. The National Bank of Mexico has declared a dividend of six per cent on account of the current year's profits, but will probably declare nine per cent later on. The London bank will declare an even better dividend on account of business transacted during the first year of its operation under new organization.

Cut D[illegible] at Anchor.

PORTLAND, Ore., December 27.—At 1:30 this morning the Union Pacific steamer Oregon ran into and sunk the British ship Clan McKenzie on the Columbia river, ten miles below Calama. Charles Aston and Matthew Reid, colored sailors on the ship, were asleep in the forecastle of the Clan McKenzie, and were cut in two by the bow of the Oregon when it penetrated the side of the ship. Another sailor was badly injured. None of the passengers and but one of the crew of the Oregon were hurt. The captain of the Clan McKenzie says his ship was at anchor with all its lights displayed. The Clan McKenzie was valued at $80,000, and the damage to the Oregon will amount to $10,000.

C[illegible] for I[illegible].

BOMBAY, December 27.—The native congress has agreed upon a plan of local organization for India, which is to be [illegible] to parliament. The essential features are that there shall be a popular electoral or representative body formed upon the basis of twelve members for every million of population. This great body is to be controlled by an inner one formed of selected persons from its own number and an imperial council constituted on the basis of one member for every five million of population. Provincial councils are also proposed. Bradlaugh will frame a bill and introduce it into parliament.

Mrs. Hamilton's Answer.

NEW YORK, December 27.—Counsel for Mrs. Robert Ray Hamilton to-day filed her answer to her husband's complaint in his suit for annulment of their marriage. She puts in a general denial of her husband's allegation against her that she was married prior to her union with him. She says the ceremony was performed on the 7th day of January, 1889, and that it was performed at the solicitation and earnest request of plaintiff as a proper culmination of the relations theretofore existing between them.

VIENNA, December 27.—Count Aloys Karolyi Nagy Karolyi, former ambassador to Great Britain and Germany, died suddenly while hunting on his estate at Presburg, Hungary.

BORDENTOWN, N. J., December 27.—Mrs. Delia Parnell, mother of Charles Stewart Parnell, states that she has received only a quarter of the $5000 reported to have been presented to her and that when all her old claims are settled there will be but a small margin left for future necessities.

INFLUENZA'S RAVAGES.

The Grip Spreading Throughout the Whole Country.

In Eastern Cities it is Generally of a Mild Type.

The Medical News Describes its Symptoms and Effects.

Paris Physicians Alarmed at the Ravages of the Disease.

Symptoms of La Grippe.

PHILADELPHIA, December 27.—The Medical News to-morrow will publish an exhaustive article on influenza la grippe by Prof. Bartholomew of the Jefferson Medical college. It says in part: Influenza comes on suddenly, goes as quickly. The feeble [illegible], at any age, and women seem to be the first victims. The large numbers simultaneously attacked attracts general attention and thus the most impressionable are seized, the onset being facilitated by any depressing emotion like fear or illness. With the first access with nasal irritation comes chilliness, which is followed by feverishness with pronounced malaria, and in general headache, weakness and soreness of the members, especially of the larger joints. With the progress of the case in some epidemics there is considerable general weakness, even marked depression of the vital powers. When a fatal termination is to occur, as a rule, extension downward into the trachea and bronchia takes place. Relapses are common, and frequently patients pass by easy transition into bronchitis, asthma, etc. Sometimes the catarrhal process contributes to chronic disease of the ear, nose and throat and permanently damages those parts.

Victims of Influenza.

CHICAGO, December 27.—Influenza has reached Chicago. One of the physicians reports fifteen cases. State's Attorney Longenecker is among the victims.

CANTON, Mass., December 27.—Thomas Smith died this morning. He has been ill with lagrippe, and ventured out before he had entirely recovered. The illness developed into pneumonia.

BALTIMORE, Md., December 27.—Thirty odd of the local postoffice clerks and letter carriers are suffering from influenza and unable to work. Numerous other local cases of lagrippe are also reported.

NEW YORK, December 27.—Dispatches from Philadelphia, Boston, Albany, Buffalo and other eastern cities report the prevalence to a considerable extent of the popular epidemic la grippe. Except in Boston, however, it seems to be of a very mild type. In Boston many of the victims have been seriously ill and one or two fatalities believed to be consequent upon it are reported.

ROCHESTER, N. Y., December 27.—One hundred and ten children of this city are down with la grippe.

OMAHA, Neb., December 27.—Physicians of this city report the prevalence of la grippe to a large extent but in mild form. *They diagnose it as a species of* epizootic.

ATCHISON, Kas., December 27.—Senator Ingalls, who is home for the holidays, was seized with cold last night, which to-day developed symptoms of the Russian influenza.

NEW YORK, December 27.—The number of persons in New York and Brooklyn suffering from influenza is very great and constantly increasing. While no instances of death due directly to influenza are being reported, the number of deaths from pneumonia are increasing so remarkably as to indicate some connection between the epidemic of so-called influenza and pneumonia. There is hardly a business house or office down town whose force of clerks has not been shortened more or less by "la grippe." The same state of affairs exists in Brooklyn and Jersey City. Health boards all claim there is no danger from the epidemic.

Europe's Ep[illegible]mic.

PARIS, December 27.—The large number of deaths resulting from influenza in this city is exciting the gravest apprehension. It was reported this morning 520 deaths from the disease had occurred within 24 hours. Papers print the report, but some doubt the figures, claiming they are too high.

ST. PETERSBURG, December 27.—The czar is making favorable progress toward recovery from influenza. He has never been in a critical condition and no fears have been felt as to the outcome of his illness.

VIENNA, December 27.—Hospitals of this city are crowded with patients suffering from influenza, accompanied by inflammation of the lungs, pleurisy and peritonitis. There are a hundred cases in Prague.

BERLIN, December 27.—For some days past there have been a few sporadic cases of influenza at Konigsburg, but the disease has now become epidemic and some of the cases are of a most serious character.

LISBON, December 27.—The number of cases of influenza in this city and Oporto is increasing.

LONDON, December 27.—Countess of Flanders, sister in law of King Leopold of Belgium, Prince Baudouin, eldest son of the countess, and the queen of Roumania are suffering from influenza.

PARIS, December 27.—Influenza is spreading and is very fatal. The number of deaths in the city from all causes Christmas day was 315. For several years past the regular average has been 200 for that day. Fully one third of the populace is prostrated. The editor of Universal and three soldiers died to-day.

BERLIN, December 27.—Influenza is increasing throughout Germany. It has crippled operations in ship building yards in Flensburg, Kiel, and Dantzic. In cases where the disease is slighted or not treated it engenders pulmonary disorders. Doctors say that the climax is passed in this city and that the disease is on the wane.

LISBON, December 27.—Two thousand have the influenza, including the queen and Senor Gomez.

VIENNA, December 27.—There have been several deaths here from diseases that began with influenza.

MADRID, December 27.—A meeting of the medical faculty was held to-day to consider the influenza, which is rapidly spreading. It was decided to establish relief bureaus and distribute appropriate medicines among the afflicted. Many prominent men are among the sufferers from the malady.

BERLIN, December 27.—Baron Von Kremiers, the Orientalist, died to-day from the effects of influenza.

NEW YORK, December 27.—Eugene Hornbacker was done up last night in [illegible] McCarty.

Oklahoma's Election.

WASHINGTON, December 27.—Acting on instructions from the war department General Merritt has ordered two companies of cavalry to Oklahoma to remain there until after the local election which takes place on the 30th inst. Reports just received from Oklahoma are to the effect that there is a likelihood of serious trouble there on election day.

OKLAHOMA CITY, December 27.—Two troops of United States cavalry that have been sent from Fort Reno by command of General Merritt commanding the department of Missouri, arrived this morning. Even with the presence of the troops it is impossible for people to disguise their feelings of insecurity. Almost every house is an arsenal and every male citizen carries a revolver. The election next Monday is anticipated with apprehension, although the troops will doubtless prevent any serious rioting. The Kickapoos, political opponents of the Seminoles held a meeting to-night to discuss their grievances. No disorder occurred.

R[illegible]'s New Railway.

OTTAWA, Ont., December 27.—N. S. Kronebcoff and A. B. T. Rondzestvitch, Russian civil engineers have arrived in this city from British Columbia. They were sent to Canada by the Russian government to inspect railway construction with a view to building a great railway through Siberia, which with waterways will give Russia complete communication between St. Petersburg and the Pacific ocean. They chose the Canadian Pacific railway as a model on account of its great length and of the marked similitude of British Columbia's mountain region and the plain of Manitoba to those of Siberia. They will go to Montreal to obtain further data from Canadian Pacific railway officials.

The Sullivan-Jackson Fight.

NEW YORK, December 27.—The World will say: Major Frank McLaughlin, of Newark, will leave for San Francisco to-day. He had a conference with John L. Sullivan Thursday, and although the details are not made public, it is understood the preliminary arrangements for the Sullivan-Jackson match were made. Major McLaughlin would only say: "The next fight that Sullivan will have will be some time in May with Jackson, and it will be in the rooms of the California Athletic club. The club will offer the largest purse yet given for this fight."

Cal[illegible]a's Fl[illegible]

LOS ANGELES, Cala., December 27.—There has been no rain to-day, and the *Los Angeles river is falling rapidly.* By to-morrow morning it is expected the Southern Pacific road between East Los Angeles and El Paso, Texas, will be ready for business. Four train loads of passengers are expected to arrive here Monday from Boston.

TELEGRAPHIC BREVITIES.

Emin Pasha has had a relapse and great anxiety is felt.

The cable working between Maranam and Rio de Janeiro has, according to latest advices from Brazil, ceased to work. No cause is given for the break.

Contractors for construction of the new cruiser Baltimore having notified the navy department that the vessel is completed Secretary Tracy has formally instructed Captain Schuyler to accept her.

Charles W. Pierce, superintendent of the lamps of the Brush Electric Light Co., was indicted by the grand jury at New York for manslaughter, in causing the death of Henry Harris by an electric shock from an electric lamp in November last.

Natural Gas in Dakota.

SIOUX FALLS, S. D., December 27.—Natural gas has been discovered at Redfield, Spink county. The find is the strongest yet struck in the state, and the quality of the best. The pressure is so great it carries sand and gravel sixty feet into the air.

A Bunch of Keys, or the Hotel.

The attraction at the opera house this evening will be Hoyt's popular comedy "A Bunch of Keys." An exchange in speaking of the company says: "The company gathered together is a good one, having considerable vivacity, each of the performers doing their work with considerable snap, and investing their roles with the humor intended. The Keys, Teddy, Rose and May, were well presented by the Misses Louise Raymond, Adele Reno and Florence Berry. Dolly Dobbs played by Inez Sheppard, was full of life. Miss Ward had the spinster character of Matilda Jenkins neatly acted. Grimes in the hands of Frank E. Daran, Will Daniels as Snaggs and Charles Ecclesshall as Spooner, made fun in every movement, and kept the audience in a roar whenever they were on the stage. The balance of the cast was in good hands. Razzle Dazzle was introduced in the second act, meeting with generous applause and re-demanded many times. There is plenty of light and catchy music which the company give, and which makes the piece a go."

W. F. Perry, driver of the hack which ran over and killed Jerry O'Leary on the Manitou road last Saturday night, was arraigned before Justice Stoddler yesterday morning for examination. The case was continued, however, until Tuesday, the 31st inst.

Mrs. Eliza Taylor, aged 41 years, died in West Colorado Springs yesterday. The remains were forwarded to Valley Falls, Kas., for interment.

B. W. STEELE,
Manager of the GAZETTE.

As a memorial of a distinguished administrator and to further the cause of imperial federation, Mr. Stanley Lane-Poole has edited the papers of Sir George Bowen and they will be published immediately in London and New York by Longmans, Green & Co. In one of Sir George's earlier letters there is a pleasant glimpse of Washington society [illegible] Grant's administration.

Colonel Thomas Jefferson Whipple, who has just died in New Hampshire, beside being one of the leading lawyers of his state had a war record to be proud of. He served through the Mexican war with distinction and later through the war of the rebellion. In the latter he was first lieutenant colonel of the First New Hampshire regiment and afterwards colonel of the Fourth and Twelfth regiments of the same state.

Elsewhere we publish a letter containing a suggestion, the carrying out of which it is hoped will insure a continuance of the Winkler concerts through the winter. The series which Mr. Winkler arranged early in the fall was concluded yesterday afternoon and unless [illegible] arrangement can be made by which they will prove more remunerative to those giving them they cannot be continued. The sum of money required as a guarantee is not a large one and it would be a matter to be much regretted if for the lack of it the city should be deprived of the concerts which have proved so enjoyable. The suggestion offered by our correspondent is a practical one and no doubt will commend itself to all who desire the continuance of the concerts during the remainder of the winter.

A COUNTY FAIR.

The eastern visitor not infrequently remarks on the fact that El Paso county has no fair association or similar organization formed for the purpose of conducting periodical exhibitions of the county products. The beneficial results to be obtained through these exhibitions in arousing public interest in the resources and productions of a section of country and in many other ways have come to be so generally realized and so thoroughly appreciated that scarcely a county in the older states neglects them. A few counties in Colorado have inaugurated these exhibitions or fairs with marked good results and the fact that El Paso county with her immense and varied resources does not support an association should be a matter for general regret.

The first thing necessary for such an enterprise is something to exhibit. In this particular El Paso is probably better prepared for a fair than any county in the state, with the possible exceptions of Arapahoe and Pueblo, whose extensive manufactures give them an advantage. Our mineral resources alone would make a large and interesting exhibit which would no doubt prove a revelation not only to visitors from abroad but [illegible] almost every resident in the county. The exhibit would include nearly [illegible] mineral found in any part of the [illegible] and not a few peculiar to this [illegible]. The agricultural exhibit of [illegible] could also be made varied and large. At the Pueblo fair a few weeks ago the agricultural products of the Divide were pronounced among the finest in the state and these with the products of the Fountain valley and other fertile parts of the county would insure the success of that portion of the fair. The live stock resources of the county would furnish another interesting department. With its immense sheep and cattle herds and its famous stock farms to draw from El Paso would be able to make a particularly creditable showing in this exhibit. To these three departments might be added many smaller ones to make the fair more attractive and more successful.

The financial success of a fair and indeed its success in every way must depend on its power of exciting public interest and this in turn is dependent first on the material of which it is composed and second on the attractiveness of the arrangement of that material. El Paso county abounds in material and it needs only a molding hand. A fair association would furnish the molding hand and if properly organized and managed with a progressive, business like spirit it would result in immense benefit to the county and not a little personal profit to those who engage in it.

A Suggestion Regarding the Winkler Concerts.

To the Editor of the GAZETTE.

The series of concerts given by Mr. Winkler which many of us have so greatly enjoyed came to an end [illegible] day, and unless an organized effort is made to guarantee a moderate sum of money, which shall leave something after defraying actual expenses incurred in travelling, etc., and in hiring the Weber hall, we shall for the rest of the winter lose the pleasure of hearing once a fortnight really first rate classical music—unquestionably the best ever given here, and indeed such as is seldom within the reach of small towns. I believe that I am right in saying that the series now ended has practically been given almost entirely gratuitously—the actual expenses having been little more than covered. We now know what we have to gain by taking the trouble to ascertain among ourselves whether a guarantee fund of say $250 for four concerts can not be raised among those of us who have appreciated what has already been done. A guarantee of the sale of two tickets by each person who has attended the [illegible] now closed would amply insure success. Some few persons at least, I am in a position to say, would be willing to pledge themselves for $10 rather than be deprived of the music. I am convinced that an organized effort is all that is needed, and I shall be glad for my own part for the sake of the pleasure to be gained to take the requisite trouble. I will ask that each person in the town who is willing to guarantee the sale of two or more tickets will drop me a line to that effect on or before Monday next. (Box 6) I shall have pleasure, in case the amount of $300 is reached in this way, in forwarding an intimation of the fact to Mr. Winkler, and I have little doubt that he will then consent to repeat the series. I am inclined to think that those who care for music would always have been quite willing to pay something more than the very small sums hitherto charged. I make the above suggestion, therefore, to guarantee $300 on the understanding that $3 shall be asked for a ticket of admission to include all four concerts, or $1 for each concert separately. In this way I believe that the guarantee would not have to be drawn upon. In conclusion I would call the attention of those who appreciate good music, to the fact that their numbers are few, and that upon their willingness, each one of them, to guarantee a dollar and a quarter or more for each concert, depends the question of whether or not we are to lose the great pleasure of having good music during the remainder of the [illegible].

STOCK MARKET.

NEW YORK, December 27.—Money on call tight, 3 to 30 per cent. Prime paper 5½ to 7½. In the stock market to-day transactions actually made in stocks were of small amount, and the absorbing feature was in the money market. The rate for call loans ruled dull the first hour at about 8 to 9 per cent, but it quickly advanced and 30 was reached, the maximum for the day. The reaction was almost as sudden, and during most of the afternoon it ruled 15 to 20, and after all the borrowers had been accommodated it was offered down to 5 at the close. The stock market remained fairly steady throughout the greater portion of the day, with a sagging tendency at times in the general list. The only feature of interest to-day was in Sugar Refineries. After a slight decline it advanced to 59½, but closed at 58½. Union Pacific and Burlington also displayed a heavy tone throughout and the latter ended with a material loss. Other changes were entirely insignificant and the market closed fairly steady and dull but generally at something under opening figures.

Relations With Canada.

TORONTO, December 27.—Empire, the government organ, says reports which have been scattered broadcast throughout the United States to the effect that the government intends not to renew the modus vivendi next year, are entirely unwarranted. By the treaty of Washington and an act passed by the Dominion parliament last year the modus vivendi expires on the 15th of February next, and in order to renew it further legislation will be required. Whether it will be renewed or not involves a question of policy which the government has not yet considered.

The Council Meeting

The council held another meeting last night to consider the matter of granting right of way for [illegible] for the Colorado [illegible] North [illegible] company [illegible]. Although the aldermen had visited the site of the proposed road during the day, yet they had not [illegible] their minds what to do in the [illegible]. [illegible] W. H. Barnes [illegible] proposed [illegible] [illegible] Alderman [illegible] the city should be paid for the [illegible] right of way [illegible] the importance [illegible] the city [illegible] right of way [illegible] it would be [illegible] [illegible] Alderman [illegible] had passed at a [illegible] right of way [illegible] [illegible] for the company [illegible] [illegible] also interested in the [illegible] company which has [illegible] [illegible] city now [illegible] [illegible] Alderman Lawton could [illegible] [illegible] the city would be greatly benefited [illegible] but did not [illegible] was yet prepared to vote on [illegible]. It was finally agreed to lay the matter on the table until the next regular meeting. Major Macomber sent [illegible] request to be permitted to construct a private sewer pipe with the city pipe at the city hall. Referred to the sewer committee with power to act. The council then adjourned.

The last of the Winkler concerts was given in Weber hall yesterday afternoon, the audience being about the [illegible] that has attended all the others. The programme had been arranged with extra care, and was one of the most delightful of the series. The particular feature of the concert was Miss Minna Ehrlicher's playing. Her work during the series has been excellent, but owing to the indifferent [illegible] that she has been compelled to use, has not heretofore had its effect with the audience. This was [illegible] yesterday, however. Mrs. Winkler sang "My Heart Ever Faithful," by Bach, with cello obligato, for her second number so sweetly that she was compelled, by a storm of applause, to repeat it. For the last number Trio, Opus [illegible], by Bach, was played with piano, violin and cello. An effort will probably be made to have a second series of the concerts during the winter.

Col. De La Vergne last night entertained the members of his Sunday school class at his beautiful suburban home. During the evening the young men presented the colonel with an illuminated copy of Shakespeare's tragedy, "Macbeth," an elegant present.

The remains of C. Bagnell, the Midland employe who died at the Sisters' hospital, have been forwarded to Sherman, Kas., for interment. His death was caused by typhoid fever, complicated with rheumatism.

"A Bunch of Keys," Hoyt's first success, will be produced at the opera house this evening. They will no doubt have a full house.

MANITOU SPRINGS

Dr. J. C. Knoebel, of Highland, Ill., an uncle of Franz Lotz, intends to build soon a cabin on Capitol Hill.

Bids were opened yesterday for the work of construction of the building for the Manitou Mineral Water company. Mr. W. R. Roby, of Colorado Springs, gave the lowest figure, being $15,000, for the general work, including everything but the masonry. Wilcox, Campbell & Brown gave the bid of $6775 for the mason work. The contracts will be let at once to these parties. The contract calls for the completion of the west end of the building in twenty one days after, [illegible] for the company to move their machinery and go on with their bottling in that portion of the building until all is completed.

The Printers' H

The following is taken from the Typographical Journal, the official organ of the printers, published at Indianapolis, and shows what efforts are being made to raise the money for the I. T. U. home in this city, and how Colorado Springs is being incidentally advertised:

As is usual with undertakings of the character and magnitude of the work of accomplishing funds for the erection of the Printers' home, considerable time [illegible] necessarily consumed in starting the ponderous machinery requisite [illegible] success of the project. The [illegible] have had to be relied upon for perfecting arrangements at different sections of the country, causing vexatious [illegible] delays, but the enthusiasm shown amply repays for the efforts [illegible] made, and gives substantial encouragement for a continuance of the work.

Circulars have been addressed to subordinate unions requesting the appointment of committees to solicit and forward contributions, and the encouraging reports from committees already appointed show a pride and zeal which is [illegible]. Below is given the [illegible] of the commendable effort of the committee selected by Lincoln Typographical union, No. 209—a forerunner of the results which may be expected from other sources.

There are now, or will be as a result of the next meetings of the subordinate [illegible] special committees appointed for the purpose of collecting contributions in a systematic manner. Nearly three [illegible] special committees—live and [illegible] with but one object, and each [illegible] with the other to accomplish the [illegible] will soon be in the field to [illegible] success. Various methods have been adopted in furtherance of the [illegible]. At a recent meeting of Indianapolis [illegible] No. 1, a [illegible] was authorized to perfect arrangements for an entertainment, the [illegible] of which is to be borne by the [illegible] and the gross proceeds applied to the home fund. No date [illegible] decided upon the committee [illegible] efforts toward securing [illegible] which will guarantee the [illegible]. A committee has also [illegible] Indianapolis Press [illegible] No. 17 [illegible] for the home, and reports [illegible] that the [illegible] in a manner which [illegible] on the part of [illegible] the Indianapolis work [illegible] of success.

[illegible] W. H. Bodwell, in the [illegible] of the Journal suggests [illegible] of one hundred persons [illegible] who will, on the first day of [illegible] contribute $100, and, in [illegible] himself, starts the list [illegible] of the Hon. Amos J. [illegible]. The trustees urge that the [illegible] committees of subordinate [illegible] endeavor to secure the [illegible] of persons in their respective [illegible] will agree to contribute a like [illegible] the late stove mentioned, and [illegible] that $10,000 can be secured [illegible] manner, if the proposition receives the support it merits.

There will be a *regular communication* of El Paso Lodge A. F. & A. M., No 13, this evening, at which the newly elected officers will be installed.

In the Manitou items will be found the names of the [illegible] bidders for the contract of building the Manitou Mineral Water company's new buildings.

Remember the meeting of the Ladies' Aid society at the First Baptist church this afternoon at 3 o'clock. The board of managers meet at 2.30 o'clock at the same place.

The United States Express company and the Pacific Express company have united their offices in this city, and together will occupy the corner in the Gazette block.

Mr *Bumpus* came up from Pueblo last night to organize an International Masons' and Bricklayers' union. The local organization will become a branch of the international organization.

The Sunday school at Ridge Lawn, Mrs. Herbert Skinner superintendent, had a Christmas festival and the children received many presents. There was a tree illuminated with wax candles.

The police yesterday arrested a woman and two men who were living together so promiscuously in the south part of town that it was impossible to tell who was the head of the house. From letters in the possession of one of the men it was learned that they are wanted in Denver for a similar offense.

A mass meeting was held at Colorado City Thursday evening in the Argyle block to consider the prosecutions in the county court against the sporting fraternity of that place. Charles Stockbridge presided and speeches were made by J. K. Vannatta and J. E. Harper. A committee was appointed to wait upon District Attorney Garrison and see what could be done in the matter.

This will be the last day of the exhibition of Lucia Zarate, the Mexican midget. There was a large crowd around the little lady's platform all day yesterday, and no doubt a bigger one will be present to day. The deaf mutes from the institute will visit the exhibition to-day by invitation of the manager. Remember that this afternoon and to night will be the last opportunity to see her. She is now rapidly recovering from a severe cold and is again becoming quite talkative.

Marshal Dana yesterday had [illegible] printed giving a description of "Professor" Reambal, pianist, lately in business on North Tejon street. The professor has been but a short time a resident of the city, but he managed to contract a number of bills. He kept his place open until Christmas night, and at that time suddenly packed up and left between two days. The place remained closed with the curtains drawn until yesterday morning, when Mr. W. H. Roby, owner of the building, forced an entrance. The bird had flown, but as there is a mortgage of $150 on the stock taken away he is guilty of larceny. The officers will bring him back, if captured, on that charge.

A rumor reached the city yesterday afternoon of a terrible accident near the toll gate on the Manitou trail to a party of the Pike's Peak railroad laborers. The story as related was to the effect that by a premature explosion of giant powder one man was blown to pieces and several tons of rock piled on top of two others: that efforts had been made to secure the bodies of these men, and that at 8 o'clock last night a blast had been put in to remove the debris. The story could not be traced to any reliable source, as inquiry at the coroner's office in this city showed that they had no knowledge of such an occurrence and telephone inquiry at two places in Manitou showed that they had not heard of it.

The children of the Grace church Episcopal Sunday school had their Christmas tree last night, being the eve of Holy Innocents day. This day in the church is devoted exclusively to the children, being a commemoration of the execution of the children in Bethlehem at the time of the birth of Christ. The church was beautifully decorated, and inside the railing was placed a handsome tree loaded with presents. When the candles were lighted the effect was beautiful. Among the *presents* given was a pocket book and money present for the church organist and a handsome ring for the chorister, while Dr. Horn gave each member of the infant class an appropriate book.
